Bold architecture for Vienna's skyline

The building is situated in close vicinity of Vienna's UNO City and Donauinsel, one of Vienna's most important local recreation areas, as well as the Alte Donau area. Thanks to the fact that the underground line U1 is located close by, one can reach the city centre in a matter of minutes.

Not least due to its bold architecture, IZD Tower today forms a landmark of Vienna's Donauplatte and, together with the other high-rise buildings in the vicinity, significantly characterises the unique skyline of this modern part of Vienna.

Impressions

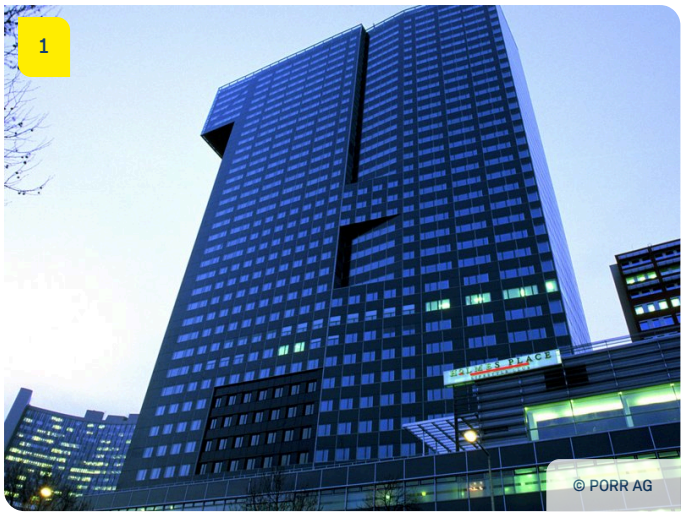

Image notes

1

IZD Tower Vienna.

With its projecting element 100 m above ground, IZD Tower forms a significant part of Vienna's skyline.
