Type	Bridge construction, Road construction
Runtime	03.2011 - 09.2012
Principal	ASFINAG Bau Management GmbH

[Project report online](#)

www.porr-group.com

A clear run in the north of the city of Salzburg.

Apart from the railway tracks and roads running underneath the bridge as well as space limitations, this project presented great challenges, mainly due to the fact that train and road traffic was not to be interrupted during construction.

Impressions

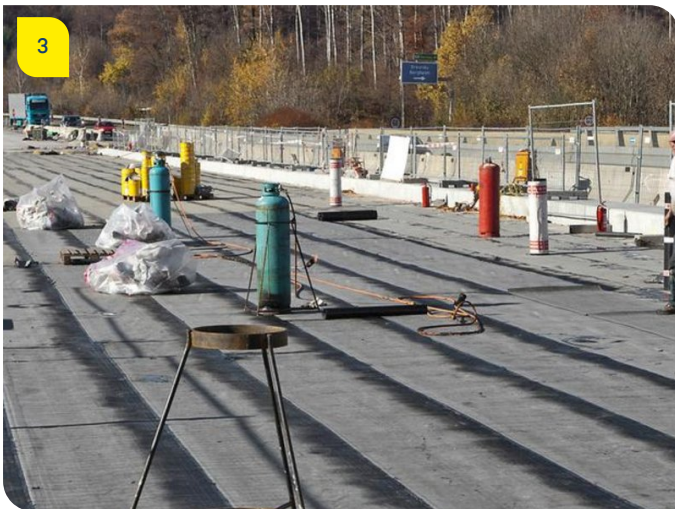

Image notes

1

Kasern bridge.

The new bridge needed to be built in several phases in order to keep traffic rolling.

2

Kasern bridge.

Railway tracks and roads running underneath the bridge presented great challenges to the project.

3

Kasern bridge.

Sealing work on one of the two bridges
