Flood protection measures for a popular tourist destination.

In addition to work on the flood protection measures and main square design, the City of Melk commissioned PORR with the following construction jobs:

- Laying of district heating lines in the effected construction area
- Rehabilitation and conversion of desolate sewer sections
- Rehabilitation of the B1 country road running along the flood protection section
- Structural measures to support the Wachau World Cultural Heritage region

Image notes

1

Melk flood protections.

Thanks to its flood protections, the city of Melk is safe from Danube River flooding.
